

## Range Fees:

Range fees are collected to help cover the cost of targets at the shotgun ranges and the indoor archery range. Additionally these fees are intended to help defer building operating costs such as water, heating and electricity. Fees are recommended by the range chairmen and approved by the Board of Directors. Presently there are no additional fees for the outdoor facilities such as the lake, rifle range, pistol ranges, utility ranges, and outdoor archery range due to the fact that maintenance of these facilities are minimal and covered by annual club membership fees.

The following fee schedule is currently in effect:

- Trap and Skeet Ranges (25 targets): \$3.00 per round for members, \$4.50 per round for non-members
- Sporting Clays (50 targets) : \$8.00 per round for members, \$10.00 for non-members
- 5-Stand (25 targets): \$5.00 per round for members and \$6.00 for non-members
- Indoor Archery: \$3.00 per member per day, \$5.00 for non-members; 24-hour permit to indoor range is \$45.00 per year and includes access card key

Additional fees may be added for special events to cover prizes and/or other operational expenses.
