

Full Choke Challenge was held on Saturday December 14, 2019 at the trap and skeet range. Despite cold temperatures and very windy conditions we actually had 10 people compete! Honors go to Terry Pollard who managed to shoot a score of 42 – must have had tracking radar on his gun. Terry walks away with a Burger's smoked spiral ham for Christmas dinner. Three others tied for second place with a score of 34 – (must have been on the windy side of the field). All the others shot also but managed to burn the score sheets before we could record their scores. Congratulations Terry!
